APPENDIX. XXII continued.

[illegible]

1920 - 1921

Report of the Administration
District Funds in the Hassan District
during the year 1919 - 1920.

There were 98 Local Boards (including 89 Village Panchayets) ----
working in the District during the
year under report as shewn below :-

1 District Board (newly constituted)
8 Taluk Boards including the Board of
the Sub.Taluk of Alur,
and 89 Village Panchayets,

29 in Arsikere Taluk

3 in Holenarasipur "

19 in Belur. " "

3 in Alur. " "

13 in Hassan. " "

11 in Arakalgud. " "

8 in Chennarayapatna. " "

3 in Manjarabad. " "

89

In Notification 209/L.B.97-17-4
Rev.

dated 1st July 1918, 106 Village
Panchayets were authorized to be
constituted and later on this num-
ber was increased to 112. Owing
the absence of literate persons
to conduct the meetings and other
local reasons the full number of

Vil

ayets could not be form-
local officers were made
the object constantly in ---
by the issuing of the instructions
now and then. It is hoped that ^{the} full
number of Village Panchayets will ---
have been formed before the end of -
December in the current year and ap-
-plications for the formation of ---
more Panchayets will also be received
ere long.

The Hassan District Board ----
elected their Non-official Vice Pre-
-sident ~~xxx~~ and the election was --
approved of by Government. In ~~xxxxxx~~
accordance with Notification R.15240
/L.B.113-18-1 dated 26th May 1919, all
the Taluk Boards also elected their
Non-official Vice Presidents during ~~the~~
the year.

Before the close of the year the
approval of Government was obtained-
in respect of all except the Vice Pre-
sident of Alur Taluk Board.

Although no new bye-laws or ----
were framed on the motion of -
Taluk Boards, yet at the instance
to the Sanitary Department and the
the District Board met
and the draft rules ~~xxx~~-
pertaining

(2) Non-official Presidents and
Vice-Presidents

(3) Elections

BONDED

pertaining to

- (i) Sanitation during Jattras
- (ii) Training of Vaccinators
- (iii) Vaidyasalas
- (iv) Measures for the prevention and suppression of Plague and offered their suggestions for the considerations of Government.

(5) Meetings and Attendance

The Hassan District Board was re-constituted during the year as per Notification 12077/L.B.91-18-11 dated 21st March 1919 fixing the constitution; whereby, the strength was raised from 30 to 36 members. The names of members have been published in Notification R.3283/L.B.26-19-4 dated 6th September 1919; R.4890/L.B.26-19-10 dated 31st October 1919 and R.6901/L.B.26-19-12 dated 12th December 1919. Of the 36 members, 8 are Ex-officio members appointed by Government

— 24 are returned by election from the Local Bodies, associations and Inamdars, and 4 are nominated members.

The Board met 9 times during the year ^{4 in the previous year} as against 3. The first of the meetings was a special meeting of the Old Board held in July 1919 to elect 2 members to the Representative Assem-

assembly.

There was another Special meeting held soon after the Re-constitution of the District Board in October 1919 to elect a Non-official Vice President of the Board and also to return members to the 3 Boards of Education - Agriculture and Industries and Commerce in connection with the amalgamation of the functions of the District Committee of the Economic Conference with those of the District Board. The other 7 ordinary meetings were those of the new Board.

The average attendance was 7 among Ex-officio and 22 among Non-official members as against 6 and 15 respectively.

It is pleasing to note that Non-official members are taking a lively interest in studying the copies of proceedings circulated among them and are coming prepared with the subjects notified for discussion or consideration at the meetings. Each one of them is anxious to have an opportunity of expressing his views during the deliberations, and as a result the duration of meetings for the considerations

(6) Interestevinced by Non-official members.

MADE IN U.S.A.

consideration of subjects has had to be extended during the year and it has ~~also~~ been also found necessary to have more meetings of the Board in order ^{the} to get through business.

(7) Measures of Initiative and Development proposed or carried out

One important measure proposed and sanctioned by Government in the recent past to enable the Board to undertake large and useful Public Works is the "Raising of the 5½ per cent Debenture Loan of Rs.85,000/- for the construction of the Hemavathi Bridge near Gorur and a road from Chennarayana-patna to Holenarasipur".

The grant of extended powers to the Taluk Boards under the Local Self Government Scheme and the grant of extra funds and the amalgamation of the functions of the Economic Development Branch and of the District Board are expected to educate the local bodies to bestow more thought and attention to the measures of initiative and development in future years.

As it is however, the works of public utility (both original and repairs) taken up at the instance of the Local Bodies, for execution during the year through the agencies of the

the Public Works and the Civil Departments, were estimated to cost nearly Rs.1,46,500/- A list of the more important of such works costing Rs.500/- and above is appended (Statement No:IX)

The relation-ship of the local boards (8) Relation of the Local Boards with one another. continued to be as cordial as ever. No Taluk Boards was declared independent under Section 16 of the Local Boards Regulation nor was there any occasion for the District Board to provide for the performance of duty in default of the Taluk Boards under Section 12 of the Regulation.

The Village Panchayets that were (9) Working of Village Panchayets. fully constituted numbered 89 and they were given starting funds to work with The orders of Government publishing - Rules for the levy of Mohatarfa Tax in Village Panchayets were duly communicated to all concerned. The forms of accounts and registers required to be maintained by them were also made known to them. But when instructions were issued to the Taluk Treasuries in accordance with the direction contained in the Government order No.R. 7411-9/L.B.16-19-4 dated 6th January 1920, in the matter of opening individual ledger accounts for each Village Panchayets, objections were received and on a reference being made

0

PRINTED IN INDIA

made to the Comptroller, that Officer intimated in his letter No:274-5/L.A.D. dated 22nd April 1920 that a reference had been made to Government pointing out the impracticability of maintaining in Taluk Treasuries detailed accounts for each Village Panchayets. It was also stated in the same letter that the --- Village Panchayets Cheque Books were -- then in the Press and would be supplied on receipt.. Neither final instructions were received by the Taluk Treasuries in the matter of opening of accounts for for the Panchayets nor were the prescribe cheque books supplied for distribution.

In these circumstances the Village Panchayets were only able to conduct the periodical meetings and take the needful preliminary steps to levy the taxes authorised by Notification R.2668/L.B.6-18-17 dated 25th August 1919.

The business transacted by the --- Village Panchayets which were formerly unions is however detailed in Appendix No:V.

III. Financial Position.

(10) Income.

The year's opening balance was ----- Rs.2,78,583/-. The receipts under all heads amounted to Rs.2,02,966/-. Of the total sum of Rs.4,81,549/- Rs.74,625/- pertained

pertained to the loan raised for the
 construction of the Hemavathi Bridge
 near Gorur and of the Road from Chenna-
 rayapatna to Holenarasipur and Rs.46,650
 to the Drinking Water Wells Funds.

The total expenditure of the year was
 Rs.1,25,536/- as against Rs.1,25,123/-
 of the previous year.

The balance of ~~amount~~ that remained
 unspent at the credit of the District
 Funds including the ~~debit~~ ^{credit} head at the
 end of the year was Rs.3,56,013/-

The following sums were set apart ~~to~~
 for works, in the several Taluks, exe-
 -cuted by the Civil Department:—

	<u>Original</u>	<u>Repairs</u>
Hassan	Rs.6750	2325
Alur	500	2550
Manjarabad	3080	1212
Belur	2500	2300
Arsikere	1500	6100
Chennarayapatna	4550	2000
Holenarasipur	1100	600
Arakalgud	7000	2400
For incomplete works in all Taluks.	3000	4500
TOTAL	29,980	23,987

The above sums include the amounts
 provided for sanitary works in Village
 Panchayets also.

Appendix IV. shews the Demand under--
 all the principal items of revenue

(11) Expenditure.

(12) Closing Balance.

(13) Allotment of Funds.

(14) Demand, Collections and
Balance.

which

which was Rs.161,726/- including arrears. A sum of Rs.1,34,740/- was collected during the year leaving a balance of Rs.26,215/-. Of this balance, Rs.6856/- will be the amount of local cess on Land Revenue items creditable to District Funds that remained uncredited at the close of the year 1919-20. The Local Officers have been directed to take vigorous steps to collect the arrears of Rs.19,359/- that remained uncollected under House-Tax, tolls, ferries and other items, before the end of December 1920. Progress in this direction is being ~~xxxxx~~ watched.

(15) Fresh imposts and variations in the rates of fees tolls etc.

There was no change in this respect during the year. It may however be noted that under Section (23. (i) (iv) of the Local Boards and Village Panchayats Regulation VI. of 1918 the Government were pleased to make Rules to regulate the levy of tolls upon carriages carts and animals passing along roads and bridges vested in the District Board and issued their Notification No:R.8711 /L.B.54-18-15 dated 4th February 1920 in this respect.

(16) Loans.

The Debenture Loan for the construction of the Chennarayapatna-Holenarasipur Road and the bridge across Hemavathi river near Gorur in the Hassan Taluk was sanctioned in the year 1918-19 for

Rs.85,000/-

Rs.85,000/- consisting of 850 shares
of Rs.100/- each. The District Board
have been able to collect, as already
~~stated~~ stated, Rs.74,625/- . Before
collecting the full amount of -----
Rs.85,000/- (which is a moiety of ~~the~~
the cost of the said two works, the
other half of the cost being borne -
by the Government) it was made known
known that the original estimate of ~~the~~
the cost of the bridge-work was ---
found inadequate, as no tenders approaching
the rates mentioned in the estimate
were ^{forthcoming} for the coming. Pending ~~the~~
the revision of the estimates the balance
of share money due on shares
half paid ~~to xxxxxxxxxxxx~~ has not
been called for to save interest on
that part of the loan until it is
actually required. The forms of
bond were got printed in the year for
issue to the parties, and have since
been prepared. In this connection,
the issue of the Government Order NO:
Fl.4588-97/G.F.173-19-2 dated 2nd
February 1920 directing the addition of
a Rule to Mysore Savings Bank Rules,
Viz., " Local Bodies may deposit at in-
terest in the Savings Banks any sur-
plus funds in their hands " was time
ly and the District Board approved of
the suggestion to place the entire
collections on account of the above
loan in Government Savings Bank till
the

6.
the amount ~~was~~ actually required for the bridge work. No other Loans have been raised by the District Board previously. In their meeting held in March 1920 the District Board arrived at a solution of the long pending question of the Resolution of the Arasikere-Hulihar Road by resolving that the Government be requested to sanction the raising of a loan of Rs.30000/- for this purpose, the repayment of the amount and of its interest being met by the realizations at two toll gates to be established at suitable places on the road. The proposal is before Government.

IV. Public Works.

(17) Public Works of importance executed, with percentage of lapses of allotments.

17) D.P.W.

The allotment for the year under A. Public Works-original - executed by the Public Works Department was Rs.32065/- This does not include another sum of Rs.8500/- provided in the Budget for special repairs to certain District Fund Roads and other items. The amount expended on Original Works was 40 per cent of the allotment. The sum provided for ordinary repairs to District Fund Roads was Rs.37530/- and this appears to have been fully spent up, the lapses under special repairs above referred to being 83.8.

(18) Civil Department

The allotment of Public Works got

execut

STATIONER
MADE IN U.S.A.

PT. 17
MAR 1941

executed through the agency of the ---
Civil Department with the aid of the
Sanitary Inspectors, employed by the
District Board was Rs.53967/- including
the provision of Rs.7500/- for incomplete
works. The total amount spent was Rs.
12235/- or only 22.6% of the allotment.

The reason for the heavy lapses is to
be found in the facts (1) that costly
works such as the construction of Mosa-
ferkhanas at Hassan (near the Railway
station) Belur, Bikkode, Kundur, Monamur
and Sharavanabelgola on account of ---
which a sum of nearly Rs.15,000/- was -
expected to be spent during the year,
could not be started as no acceptable
tenders were received from the contra-
ctors, and (2) that a large sum of -
over one half of the remaining allot-
ment which was intended to be distri-
buted for working expenses among the
Taluk Boards and Village Panchayets -
could not be so distributed in the
absence of instructions from the Comp-
troller to the Taluk Treasuries to --
open new heads in the accounts for the
Taluk and Village Funds. This matter
has already been dealt with in detail
in paragraph (9) above.

In previous years the lapses were
stated to be due to the fact that the
estimates for works provided for in -
at of the year had not been --

kept

7
kept ready (duly sanctioned) so as to ad-
-mit of the works being commenced soon
~~that~~ after the budgets were passed by
the Government. In the year under
report, the disability was overcome to
some extent by having several of the
works sanctioned earlier but the diffi-
-culty that then ~~presented~~ presented
itself was the unwillingness of the few
contractors available in the District
to accept the sanctioned rates. The revi-
-sion of the rates ^{and} the estimates was not
~~an~~ an easy matter to be instantly
done. The absence of a trained agency
under the District Board with a District
Engineer and Staff was keenly felt. As
it was, the only course was to refer all
estimates to the Executive Engineer for
needful scrutiny and advice. The schedu-
of rates although it was but a year old
had to be sent for revision and this was
not sent back promptly as it required
the sanction of the Superintending En-
gineer. It should also be noted that
the rates allowed by the District Board
are believed to be lower than those
allowed by the Public Works Department.
The general tendency in recent years is
to demand higher rates and it is under-
-stood that even the Department of
Public Works have had occasions to
raise their rates. The available work-

workmen are thus drawn away by the number and magnitude of the works under execution by that Department and it is found hard under these conditions to get District Fund Works executed promptly through the Civil Department.

These circumstances, viz., the dependence of the District Board for professional advice on the Engineering Department, their inability to act upon ~~xxx~~ their own initiative in getting the works executed, and the fewness of the works in their direct charge to be of any significance to Labour, necessitate having a separate Engineering Establishment for estimating and executing all District Fund works - large and small - under their direct control.

The total length of District Fund Roads remained the same as in the previous year viz., 458⁷/₁₀ miles. The total cost of maintenance was Rs. 37,530 which has been fully utilized for the purpose. There was some remark that the roads in Belur Taluk required greater attention on the part of the Department of Public Works, and this matter was after an inspection by a special Sub-Committee appointed by the District Board referred to the Executive Engineer for needful action. The condition

(19) Condition of Roads and communications with reference to the funds allotted therefor.

(20) Water supply and maintenance.

8.
condition of the Roads was fair, but -
requires improvement.

There was a sum of Rs.46650/- at the beginning of the year at the credit of the Drinking Water Wells Fund. The Government were pleased during the year to reduce the ryots' share of contribution for wells to 1/3 of their estimated cost. This concession was made known to the people and the recovery of the contribution was insisted upon in possible cases. In the meantime nine wells at an estimated cost of Rs.4323/- were sanctioned without recovering any contribution, for the benefit of the Panchamas. Three more wells at a cost of Rs.1698/- were also sanctioned after recovery in part of cash contribution from the villagers in consideration of their having executed the necessary earth-work to the extent of the minimum contribution required of them. The total amount of expenditure on well works, both incomplete and newly sanctioned, was Rs.3561/6/-. Eleven wells were completed during the year. It may be mentioned that since the introduction of the Malnad Improvement Scheme, requisitions are scarcely being received from the Malnad Parts of Belur Manjarabad, and Alur and Arakalgud for providing wells, as the Malnad Improvement

Improvement Funds are being freely -
utilized for the purpose. The diffi-
-culty hitherto experienced in recover-
-ing contributions from the villagers
in four other Maindian Taluks and the
small number of wells that were san-
-ctioned under the circumstances ~~xxx~~ --
did not justify the appointment of any
special Overseer for this work. In
view of the fact that the Government
were anxious to see that satisfactory
progress was made in providing a ---
large number of wells in the rural --
areas, the manner of attaining the object
in view was deeply considered and the
District Board also consulted. Recently
the District Board have resolved that
the services of the Itinerant Lecturer
may be usefully employed to advise the
people about having good drinking --
water wells in preference to contami-
-nated sources of water supply and to
induce them to contribute towards the
well works. Proposals to employ the
lecturers accordingly, meeting his sa-
-lary from the Drinking Water Wells -
Fund are before Government. When a
sufficient number of wells are started
no time will be lost in appointing the
required supervising agency to ensure
their progress.

The appointment of Non-Official

Vice-Presidents

(21). Supervision of works

by nonofficial members

9

Vice-presidents in the Taluk Board of Arasikere, Belur, Manjarabad, Arakalgud and Chennarayapatna, and the assignment to them of the duty of supervising and inspecting the works in progress adequately serve the purpose. The District Board have also appointed a Works Committee as per Rules in the behalf.

(22) District Board Railways.

There are no such Railways in

V. Public Health and Convenience. this District.

(23) Vital Statistics.

Appendix XV furnishes the statistics under this head. The number of births in the year under report was 6375 as against 7010 in the previous year. The number of deaths was 7291. It is fortunate that although during the year the epidemic of Influenza prevailed largely in some of the taluks, the attacks were in the majority of cases mild. The Government were pleased to place funds for being utilized for the relief of the sufferers in order that the havoc of the previous year may not repeat itself. The Local Officers were provided with sufficient amounts for distributing *diabetic* articles etc., and in the result, with the efforts of all concerned the epidemic subsided after a short duration, mostly in the malarial areas of the District. The number of deaths attributed to fevers in-

-cluding

including "Influenza" was 3196 during ~~xxxxxx~~

the year as against ten times the number in the year previous. [The

usual preventive measures were ---

adopted against Plague which pre-

valled largely in the Arsikere and

Holenarasipur Taluks and in a spo-

-adic form in the other Taluks du-

-ring the year. The District Medie

-cal and Health Officers were con-

-stantly on the move advising the peo-

-ple and inoculating them in the

-affected areas. The number of de-

-aths attributed to Plague was ---

-393 as against 324 in the previous

-year.

The number of deaths from Cholera

-in the Taluks Arakalgud, Chennarayap

-patna, Hassan, Holenarasipur, Arsi-

-kere and Manjatabad Taluks was 98.

The necessary precautions to check

-the spread of the epidemic were ---

-taken under the guidance of the ---

-District Health Officer who was con-

-stantly on the alert.

The number of deaths from small

-pox was almost as large during the

-year as in the year before viz., 1209

-as against 1309. Belur recorded the

-highest number of 247 deaths. Hassan,

-Arsikere, Chennarayap, Manjatabad

-Arakalgud, Holenarasipur and Alur

-came next in order with the 215, 204

(24) Prevention and
Suppression of the Epidemics

1901. 10
190, 148, 98, 60, and 47 deaths respectively.
-ly.

(25) Working of the Village
Sanitation.

There were 8 prosecutions in the year for the breach of the provisions of the Village sanitation Rules. All the 8 persons involved were *multected*. The amount of fine was Rs.10/- in all.

(26) Fairs and Festivals.

In this District, car-festivals of importance are held, outside municipal towns, in the following places, annually.

- (i) At Malekal Tirupati near Arsikere
- (ii) " Kenchamnahosakote in Manjara-bad Taluk.
- (iii) " Gorur in Hassan Taluk
- (iv) " Ramanathapur in Arakalgud Taluk
- and (v) " Mavinkere in Holenarasipur Taluk

The usual sanitary arrangements were made by the District Board on the said occasions.

(27) Cattle shows and Exhibi-
-tions.

The only cattle show managed by the District Board during the year was that held at Ramanathapur during the car - festival of Sree Subrahmanya Swamy. The needful sanitary arrangements were made the District Health Officer being on the spot. The Veterinary Inspector of Hassan was also deputed to visit the *place* on that occasion. The show was well attended. An advance of Rs.210 was made from District funds for the sanitary arrangements. The realizations from the show amounted to Rs.600/- Other

Other cattle shews held in the District which were managed locally by the --- people or by the Municipalities concerned were:-

- (1) The shew at Hassan
- (2) " at Shravanabelgola
- (3) " at Chennarayana
- (4) " at Holanarasipura
- (5) " at Holalkere in Arsikere Taluk.
- and (6) " at Alur.

The list of Medical instructions including those subsidised by the District Board is to be found in ---

Appendix XVI. The number of patients treated in all the dispensaries during the year under report was ---

1,50,342/- The expenditure borne by the District Board on these institutions

till the end of the year was Rs. 9277/- This amount includes the cost pay of compounders etc. incurred on account of midwives (---)

~~--- by the District Board~~ The number of midwives maintained by the District Board during the year was 14.

There are no maternities in the District maintained either by the Government or the District Board. Proposals are however under consideration for establishing a maternity at Sakalespur and developing the Female Dispensary at Hassan into a Maternity.

At Hassan the Redfern Memorial Hospital under the management of the Wesleyan Mission meets the want in this

-saries .

this direction to a *certain extent*.

The Vaidyasalas, now maintained by the District Board in this District are

- (1) the Dispensary, at Grama under a Hakkim.
- (2) Vaidyasalas at Halebid, and at Huli-
(3) *at Huli*, under Hindu Vaidyans who have taken Diplomas from the Ayurvedic College, Mysore. Small contingent ~~xxxx~~ allowances of Rs.10/- a month are granted to two more Ayurvedic Pandits dispensing medicines in their own houses at Kerlapur and at Rudrapatna in the Arakalgud Taluk. The total expenditure on these institutions was Rs.1890/- during the year.

(30) Vaccination.

The work of Vaccination was under the direct control of the Deputy Inspector of Vaccination as in the previous year. The number of vaccinations performed during the year was 11,746/ as against 10,155. The Deputy Inspector exercised an efficient check over his staff and worked zealously. The cost incurred by the District Funds on this account was ~~Rs. 3,415/-~~ *as against* Rs.1616/- in the previous year, when the Establishment was transferred to District Funds.

(31) Veterinary Hospitals
and Dispensaries.

There were only two Veterinary dispensaries in the District during the year - one at Hassan and another at Sakalespur. The Hassan Dispensary was made

made a Hospital in the previous year

The Hassan Veterinary Inspector report

ed only 9 cases of contagious dis-

eases during the year. The total num-

-ber of inoculations performed against

contagious diseases was 1017 for the

whole of the District as detailed below

	Hassan	Sakalespur
1. Rinderpest	99	843
2. Black quarter	62	nil
3. <i>Hemorrhagic and Septicemic</i>	13	nil
Total	174	843

The number of inoculations in 1918-19

was 1095.

The Hassan Veterinary Hospital which

is expected to serve the Taluks of --

Hassan, Chennarayapatna, Arakalgud, Hole-

-narasipur and Arsikere, shews 5672

cases as having been treated during the

year against 6257 in the previous year

25 cattle were treated as in-patients.

The number treated at the Sakalespur

Dispensary, the Assistant Veterinary

Inspector whereof is expected to super

-visethe Malnad areas of Manjarabad and

and Belur, is reported to be 4644 as

against 4735 - 3 cattle were treated

as in-patients. The number of minor

and major operations in the year was

89 in the Hassan Hospital and 169 in

the Sakalespur Dispensary, against a

total of 238 for the whole District

in the previous year. Two breeding

bulls

bulls were maintained by District Funds in the Hassan Hospital. Both were serviceable and covered 171 cows as against 76 in the previous year. The calves are of a good type. The income on this ~~account~~ account was Rs. 171/- The touring work done by the Veterinary Assistants is noted below.

1. Hassan
Assistant Veterinary
Inspector

Number of days in camp.	Miles travelled.	Railway Journey:	No. of villages visited.
1	2	3	4

(32) Facility afforded to the
Breeding of cattle.

There was ^{one} no application for the supply of a breeding bull at concession rate from a ryot in the Arsikere Taluk.

This was under consideration by the -- District Board during the year and the matter is under correspondence.

(33) Cattle Pounds.

The list of cattle pounds, 89 in number, is furnished in Appendix XXII. The total income from these was Rs. 6518 equal to that of last year and the expenditure was Rs. 2332/ as against Rs. Rs. 2512/ in the previous year.

VII Public Convenience

(34) Accommodation to travellers

The District Board had under the control 16 III-Class Traveller's Bungalows and 24 Musafir Khanas. The number of travellers that resorted to them is reported to be 2092. The fees recovered amounted to Rs.446/-. The cost incurred from the District Funds on their account is Rs.4378/- during the year. The institutions have been kept equipped. During the year under report attention was paid to getting up of estimates for repairs to some of the Musafir Khanas which required overhauling.

There were in all 31 ferries work (35) Ferries.

-ing in the District during the year. The maintenance of the boats and junks in an efficient condition. The neglect on the part of the contractors when they were not using them was a serious matter. Special attention was paid in this direction and the local officers were instructed to see to the condition of the boats. The collection from the ferries was Rs.2213.

was constantly under consideration.

The accounts of the District Board

VIII General

(36) Accounts and Audit.

have been audited up to the end of December 1919 by the auditors sent by the Comptroller. No serious irregularities have been observed. It has ~~noted~~ ^{found} to be noted that these half yearly audits have been ~~found~~ ^{found} to be too frequent.

frequent considering the disturbance caused to the routine work of the Office. Ordinarily, the District Board Office will be busy in the months preceding the preparation of the budgets and the Administration Reports and Accounts.

The routine work will fall into arrears and this has to be got through in the other months. The increased number of meetings of the District Board almost every month, the multitude of subjects brought ^{up} for discussion, the preparation of lists and translation of agenda and the Proceedings for the information of the members including the non-English ^{gentlemen} knowing ones have added considerably to the work of the District Board Office.

In consequence of these items of work which occupy much of their time, the office seems to feel that unless it continuously keeps on over working, it is hard to bring the work up to date.

In these circumstances, it is urged that whatever ^{the} advantage, the audit of accounts of the District Board may be arranged to be held once in a year, instead of twice, between the months of October and February when there is expected to be no special work of a taxing nature. A separate reference will

be made to Government on the subject

In accordance with the directions (37) Economic Development work.

contained in the Government Order No:

514-66/G.C.15-19-1 dated 12th July 19

the amalgamation of the functions of
Committees with those of the District Board,
the District Board came into effect

from the 1st January 1920. But as the

proposals about the revision of the

establishment in consequence of the

amalgamation were under the consi-

-deration of Government in the year,

the working arrangement of the Eco-

-nomic Development Branch was not ma-

-terially altered. The Economic -

Superintendent *Continued* contained to carry on

the work under the general instructions

from the Deputy Commissioner, President

of the District Board. The subjects

on the Economic Agenda were however -

duly considered at the meetings of --

the District Board and resolutions re-

-corded. The Sub Committees required

to be constituted were formed and pro-

-grammes of work considered and passed

It may perhaps *be* (38) Conclusion

-trospect of the work done by the non-

-official Members of the District Board *assisted*

by their official colleagues at the ---

several meetings, so many as nine, held -

during the year. Only the items of out-

-standing importance are taken up for

for analysis.

A. Deputations or Elections.

The District Board "elected" (a) members from their body to the Representative Assembly (b) a non-official member as Vice President of the Board. (c) members to the Central Boards of Education, Industries and Commerce (d) members to serve on the Finance Committee (e) and members for the works-Committee.

B. Formation of Committees.

The following sub-committees were formed to assist the District Board in the Economic Development

Branch of work viz.,

(a) The Sub Committee for Education.

(b) " " for Agriculture

(c) " " Industries and Commerce.

Other committees were also formed for the time being, for the consideration of special subjects.

Viz. a. The Panchama Trust

b. Influence of Railway construction on the sanitation of towns and villages.

c. Plague-Preventive Measures.

d. Grant-in-aid Rules for Vaidyas and Ayakhanas.

e. The inspection of District Fund Roads, of Belur Taluk, etc.

"f. Communications such as Roads, Bridges, Ferries.

Subjects pertaining to some of the Roads and Bridges of ^{Local} local importance which were taken up for discussion

are.

and disposed of by them as already -
stated in paragraph 37 above. [The
District Board are glad to acknowledge
that the Non-official Vice-Presidents
of the several Taluk Boards in the
District have evinced a keen interest
in the duties assigned to them and --
have been willingly co-operating with

LB 68-20-16

Proceedings of the Government of H.H.
the Maharaja of Mysore.

Read --

The administration report of the District Board of Hassan for the year 1919-20 received with letter No.C.236/L.F. dated the 29th September 1920 from the President, District Board.

Order -- No. R. 7454 dt 23.12.20

Dated Bangalore, the

9 Local Boards and 89 Village Panchayats were working in the district during the year. The Hassan District Board was reconstituted during the year, its strength being raised from 30 to 36 members of whom 24 were elected members.

2. Meetings and attendance.

The District Board met 9 times during the year and all the Taluk Boards met more than 6 times. The average attendance for a meeting of the District Board was 7 among ex-officio and 22 among non-official members and for the taluk Board 3.9 ~~4~~ official and ~~4~~ ⁵ non-official.

3. Village Panchayats.

Of the 112 Village Panchayats authorised to be constituted, only 89 Village Panchayats have so far been formed.

may be printed & placed on the Panchayat table

10/27/12

23/12/20

Recd

20/12/12

The delay in the formation of the remaining 23 Village Panchayats is said to be due to the absence of literate persons able to conduct the meetings. It is hoped that these Panchayats will also be in action before long with the exception of the 23 Village Panchayats which were formerly unions, the rest are reported to have held only formal meetings for taking preliminary steps as difficulties were experienced in the matter of keeping accounts and dealing with the Treasury. Government trust that a more satisfactory record of work will be made during the coming year.

4. F i n a n c e .

Ordinary
The income during the year amounted to Rs.2,02,966/- as against Rs.2,01,700/- of the previous year. A sum of Rs.45,706/- was realised ~~for the~~ ~~on~~ on account of the loan raised for the construction of the Hemavati Bridge near Gorur and of the road from Chennarayapatna to Hole-Narsipur against Rs.28,919/- of the previous year.

~~The total income (including - - Rs.74,525/- subscribed under the loan floated for the construction of the Hemavati Bridge near Gorur and the road from Chennarayapatna to Hole-Narsipur) amounts to Rs.4,81,549/- against - - Rs.4,03,706/- in the previous year, thus shewing an increase of Rs.77,843/-.~~ The expenditure amounted to Rs.1,25,536/- as against Rs.1,25,123/- in the previous year, leaving a closing balance at the credit of the District Board of Rs.356,013. The total demand for the year including arrears of Rs. ~~2,35,331/-~~ ^{2,35,331/-} was Rs. ~~1,61,472/-~~ ^{1,61,472/-} out of which a sum of Rs. ~~1,26,740/-~~ ^{1,26,740/-} was collected and excluding remission granted a balance of Rs.26,215/- was outstanding

Recd

at the end of the year. The President is requested to take the necessary - - measures for the early collection of the arrears.

5. Public Works.

During the year under report there have been heavy lapses under P.W. original and special repairs to the extent of 60% and 83.8% ^{repairs} and more than 77% of the allotment under P. W. Civil Department also lapsed. The President explains this unsatisfactory feature to be due to the paucity of contractors in the District and the violent fluctuations in the sanctioned rates and also to the absence of a professional agency working directly under the Board. Government observe that these features are common to the other Districts as well and ~~they~~ cannot be accepted as a satisfactory ^{exhaustive} explanation of the slackness of work in this District.

Recd

6. Rural Water Supply.

Nine wells at an estimated cost of Rs.4,323/- were newly sanctioned for the benefit of Panchamas and 3 wells at a cost of Rs.1,698/- were sanctioned after recovery in part of cash contribution from villagers. There were in all 87 wells in progress out of which 11 wells were completed during the year. It is reported that there is a great

slackness of demand for wells in the maidan parts of the District and the Boards propose to engage the services of ^{an} itinerant preacher to bring home to the people the utility of an uncontaminated supply of ^{drinking} water. The total amount expended on well works both incomplete and newly sanctioned was Rs.3,561/-.

7. Vital Statistics.

During the year under report there were 6375 births as against 7010 in the previous year and 7121 deaths against 31602. The number of deaths by fever, including "Influenza", was 3196 during the year as against 27849 in the previous year. The number vaccinated during the year was 11746 as against 10155 the percentage of successful cases being 84.10 for primary and 30.18 for secondary vaccination.

8. General.

The President is requested to see that all the village panchayats are formed before the close of the current year. There is considerable scope for improvement as regards ^{the} administration of village panchayats and ^{the} execution of public works.

Government are gratified to note the acknowledgment of the President to the great help rendered by the non-

non-official Vice-Presidents of the Districts and Taluk Boards and ~~to~~ the great interest taken by the members in the investigation and solution of ~~the~~ problems of local and general interest by the members of the various Boards.

A point of some importance was ~~required~~ ^{reported} to the Board relating to the contribution to the Redfern Memorial Hospital at Hassan. The report makes no mention of this subject having come before a meeting of the Board for discussion. Government hope that the question will receive early attention.

29/11/12

Proceedings of the Government
of His Highness the Maharaja of Mysore

READ

The administration report of the District Board of Hassan for the year 1919-20 received with letter No. C.236/L.F. dated the 29th September 1920 from the President, District Board.

Order No.

and 89 village panchayats
98 Local Boards were working in the district during the year ~~as shown~~ in the margin. The Hassan District Board was reconstituted during the year, ^{the} strength of the same being raised from 30 to 36 members, ^{of whom} ~~24 of the~~ ^{was} ~~being~~ ^{elected members}

2. Meetings and attendance.

The District Board met 9 times during the year and all the Taluk Boards met more than 6 times. The average attendance was 7 among ex-officio and 22 among non-official members ~~as against 6 and 15 respectively of the previous year.~~

3. Village Panchayats.

~~Of 112 village panchayats authorised to be constituted, only 89 village panchayats were formed. The delay in the formation of the 23 village panchayats is not satisfactory. The statement II does not contain particular of the village panchayats that furnishes information regarding the 23 old union panchayats. The President is requested to see that in future full particulars regarding the newly formed village panchayats, furnished in it.~~

4. Finance.

The total income (including Rs. 74625 ^{Subscribed under} ~~raised through~~ the loan floated for the construction of the Hemavati Bridge near Gorur and ~~of~~ the road from Chennarayapatna to Hole-Narsipur) amounts to Rs. 481549 against Rs. 403706 in the previous year, thus shewing an increase of Rs. 77843. The expenditure amounted to Rs. 125536 as against Rs. 125123 in the previous year, leaving a ~~The~~ closing balance at the credit of the Dt. Bd. ~~was~~ Rs. 356013, ~~but of~~ the total demand including arrears of Rs. 161720 a sum of Rs. 134740 was collected leaving a balance of Rs. 26215 (exclusive of remissions granted). The President is requested to ~~adopt~~ ^{take the necessary} stringent measures for early collection of the arrears in question.

5. Public Works

During the year under report there have been heavy lapses under P.W. original and special repairs to the extent of 60% and 83.8% and more than 77% of the allotment under P.W. Civil Department. ^{also lapses} It is stated that the unwillingness of the contractors available in the district to accept the sanctioned rates and that the absence of a Dt. Bd. Engineer to work up the schemes under the Dt. Bd. have largely contributed to the lapses. The question of employing Engineers under Dt. Bds. is engaging the attention of Govt. Prompt measures should be taken to complete all incomplete works in the District.

6. Rural Water Supply.

Nine wells at an estimated cost

from this amount. ~~Revenue~~
in full. I think the
Pres. says that half
the amount has not been
collected up to balance?
Excludes opening balance?

Subd

I said 16% the amount
it is stated that the amount
has been able to meet Rs 74625

The Pres. explains this
unsatisfactory feature
to be due to the paucity
of contractors in the
dist. and the rates fluctuating
in the sanctioned rates and
also the absence of
professional of any working
directly under the Board.
The Pres. says that the
features are common
to the other districts as well
and they cannot be accepted
as a satisfactory explanation
of the work in this district

There were in all ~~48~~ ^{newly} wells in progress and of which 11 wells were completed during the year. It is reported that there is a great lackness of demand for wells in the mairan parts of the District and the Board propose to engage the services of itinerant preachers to bring home to the people the utility of an unlimited water supply of water.

84.16 for primary and 30.18 for secondary vaccination.

~~The issue of orders authorising the Village Panchayats to open banking Accounts in the District treasuries pending the issue of the detailed budget and the rules, is under the consideration of Govt. and it is hoped that with the further control conceded to m.p.s in the administration of their own funds, will result in the~~

Govt. are gratified to note the acknowledgements of the President of the local body rendered by the Hon. Minister and the President of the District Board and

of Rs. 4303 were sanctioned for the benefit of Panchamas and 3 ~~more~~ wells at a cost of Rs. 1698 were sanctioned after recovery in part of ~~each~~ ^{cash} contribution from villagers. The total amount expended on well works both incomplete and newly sanctioned was Rs. 3561. During the year 11 wells were completed.

7 Vital Statistics.

During the year under report there were 6375 births as against 7010 in the previous year and 7121 deaths against 31602. The number of deaths by fever, including "Influenza" was 3196 during the year as against ~~ten times~~ the number in the previous year. The number vaccinated during the year was 11746 as against 10155 the percentage of successful cases being 30.13% ~~which is a satisfactory~~

8. General

The President is requested to see that all the village panchayats are formed before the close of the current year.

There is considerable scope for ~~improvement~~ ^{improvement}

as regards administration and execution of village panchayats of public works.

~~It is hoped that greater interest will be evinced in the administration of these local bodies and perceptible improvement in the working of these local bodies shown during the current year. The attention~~

of the President of the Dt. Bd. and of the V.P. of the Ml. Cl. of Hassan is invited to the observations made by the Second ~~Member~~ ^{Member} of Council in the tour inspection notes of June 1920 with reference to the Redfern Memorial Hospital at Hassan,

Confidential interest taken

app. to the Board relating
to the contribution to the

Ref. Redfern Memorial
Hospital at Hana.

The report makes no
mention of this subject
having come before
a meeting of the Board
for discussion. Govt.
hope that the Govt. will
receive early
attention.

and they are requested to have the question
of contribution and Board of visitors con-
sidered with a view to a satisfactory
arrangement being arrived at.

Secy. to Govt.

To

The President, Hassan Dt. Bd.

Press Table

Govt. are also glad to note that the greater
no. of meetings held during the year was
due to the interest displayed by the non-official
members in the consideration of subjects
that came up before the Board - No mention
is made in the report of the appointment
of a Finance Committee as prescribed under
Sec 28 of the Regs. If the accounts of the
Bd. are properly checked and maintained
there does not seem to be much force
based in the objection urged that
the yearly audit of accounts by the
local audit staff of the Comptroller's Office
is too frequent considering the disturbance
caused to the routine work.
